Mr Steven H Gunderson
Rocky Flats Cleanup Agreement Project Coordinator
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, Colorado 80246-1530

Dear Mr Gunderson

Please find enclosed the Rocky Flats Cleanup Agreement Standard Operating Protocol (RSOP) for Facility Disposition Notice for Building 865 demolition. Building 865 was characterized as a type 2 facility and considerable decontamination has taken place in the building, but two contaminated areas remain, cracks in the floor of the low-bay area and the floor slab and pits of the high-bay area. The building will be demolished with these contaminated areas fixed so as to prevent spread of the contamination per the building demolition plan, which will be submitted as part of the Pre-Demolition Survey Report, which will soon be submitted separately. Removal of the contaminated floor will occur under a separate Environmental Restoration RSOP Notice. Questions may be directed to Steve Tower at (303) 966-2133.

Sincerely,

Joseph A. Legare
Assistant Manager
for Environment and Stewardship
